

Riser Safety Program

Address _____

Your gas service is off – Please call the number below for reconnection

Your gas service was turned off so that we could upgrade the service line connection at your gas meter. This work is part of our Riser Safety Program, done at no direct cost to you.

We need to enter your home or building

To restore service, we must check for leaks and safe operation of your gas-burning appliances.

Please call immediately

Our representatives are in your area throughout the day and evening in order to restore service to affected customers.

Call our Riser Safety Program contractor at the number below to have your service restored:

**Company Name
123-456-7890**

For your safety

Our representatives carry Columbia Gas ID badges, and they will be happy to show them to you before entering your home to restore service.

For emergencies, call 1-800-344-4077
